Caprice 900 x 500 gloss white vanity with Euro top

Alpino & Caprice Vanities...

All feature drawer only vanity cabinets in a limited number of sizes. The drawers feature soft close runner technology and are offset to the drawer fronts to allow a void in the centre to take the plumbing. Choose from 5 drawers including a double width bottom drawer where the waste pipe is wall mounted or 6 drawers with a centre void to the base of the cabinet. Standard are straight round chrome legs but you can select other available legs or request a plinth. Both Alpino and Caprice come in a gloss finish.

Alpino Vanity comes standard with a polymarble slab top in your choice of colours or increase available colours with the optional 10mm toughened glass or caesar stone top with a hole for an Aquarius basin.

Caprice Vanity introduces the Euro top (see page 15). Made in Australia from polymarble the Euro tops design is modern with a shallow curved basin.

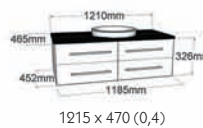

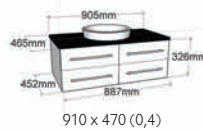

Lilly & Jeannie Vanities...

Using the Aquarius basin range and polymarble slab tops.

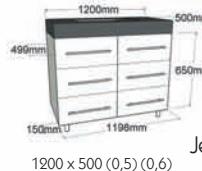

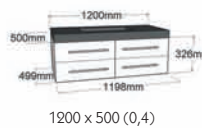

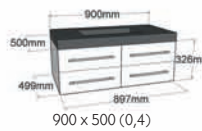

The Lilly range is a gloss front and has no drawers. Open shelves to display towels so you can change the colours of your bathroom as the seasons change. Standard are the polyceramic slab top cast in moulds in sizes 600 & 900 with one basin hole and 1200 with 2 basin holes.

The Jeannie is available in white melamine, melamine timber grain or gloss front with plinth and polymarble slab top standard, and a basin from our Aquarius range.
